Summary:

Software developer with more than 15 years of experience in the industry. Currently working as a Software Developer at International Bridge DOO - Podgorica. Experienced in developing service, web and desktop apps on .NET platform. My language of choice is C#. I have been working mostly on large scale projects for the clients such as governmental institutions, logistics companies, appliances manufacturers, recruiting agencies and healthcare insurance companies. Being a formal Microsoft Certified Trainer I was also involved as a corporate trainer in the area of software and database development based on Microsoft technologies (.NET, Visual Studio, SQL Server). Always tending to improve myself, helped me earn various Microsoft certificates: MCT, MCSD, MCPD, MCITP, MCTS, which could serve as a proof of my professional skills.
